Outline Timetable

Week 1: Mon 20-Sat 25 July 2015 (6 days)

Activities:

- Working together as a large ensemble, with professional musicians embedded in the group you will compose 2 new works.
- With your peers you will then be put into 5 small groups and each group will compose one new work.
- Each of the 5 groups will then work with a producer/engineer/mentor team to record and produce their new work using a 'pop-up' studio approach.

Week 2: Tue 28-Fri 31 July 2015 (4 days)

Activities:

- Each group will create a music video using mobile technology for their newly recorded composition to publish on YouTube.
- Developing the compositions from week one - continuing to play together as a large ensemble.
- You will help launch a project marketing competition and get practical hands-on experience of current approaches to successful marketing in a digital age as used by up and coming artists, e.g. youtube, facebook, twitter, music blogging, campaigns, fan engagement, getting radio play.

Week 3: Mon 17-Fri 21 August 2015 (5 days)

Activities:

- Rehearsing and reworking the two large ensemble compositions.
- Rearranging small group compositions to work in a live performance context.
- Large ensemble recording.
- Marketing and social media competition winners announced.
